There's more! Spaghetti supper (also a benefit event) the night before at Duffy's Restaurant in Orland. Look forward to food, massages, and other treats after the race!

If you have not heard, Andy fell Christmas Eve, ripping four tendons in his knee and crushing his ankle. He is making a gradual recovery, and hopes to be allowed to bend his knee soon. The community has come together with fundraising events to help cover Andy's uninsured medical expenses, to help give back to him for all he gives to the community.
